DIVERSITY, EQUITY AND INCLUSION ACTIVITIES

- ASCO Resource Stratified Guidelines Committee (2013-2018): Contributed to optimizing cancer treatment resources in low-income countries.

- Organized the 2nd International Symposium of the Rare Cancer Network in Istanbul, Turkey, in 2015.

- Led Young Turkish Society for Radiation Oncology (TROD) initiatives to support the education and networking of young radiation oncologists by organizing Young TROD activities between 2021-2023.

PROFESSIONAL ORGANIZATIONS

- ASCO Resource Stratified Guidelines Committee (2013-2018),
- Chair of Young Turkish Society for Radiation Oncology (TROD) (2021-2023)
- Organizer of the National Congress of Turkish Society for Radiation Oncology (2023)
- Turkish Society for Radiation Oncology (Board Member 2021-23, President-Elect and Vice President, 2023-25; President, March 2025 - March 2027)
- Radiosurgery Society (RSS) Scientific Meeting Organization Committee (2023, 2024, 2025)
- The RSS Nomination Committee (2024)
- ESTRO Chair of National Societies Committee, (2024-2027)

EDUCATION AND TRAINING RESPONSIBILITIES

- Organized educational sessions and courses for Turkish Society for Radiation Oncology (TROD) members.
- Course director and lecturer at multiple national conferences.
- Local Organizer of ESTRO Breast Cancer Course, April 2025.
- Organized the National Congress of Turkish Society for Radiation Oncology (TROD) in 2023 and 2025
- Organized the National Societies Committee Afternoon Meeting at ESTRO 2025
- Local Organizer of first "Best of ESTRO meeting in 2025

EDITORIAL RESPONSIBILITIES

Reviewer for peer-reviewed journals in radiation oncology.

CLINICAL ACTIVITIES

My clinical time spent in the outpatient setting and inpatient services are about 6 hours and other academic and research activities including resident/student lectures are about 3 hours per day.

Even though my main interest areas are Central Nerve system tumors, Thoracic tumors and Gastrointestinal tumors, 75% of my clinical practice focused on Stereotactic Radiosurgery (SRS) and MR-Guided Adaptive SRS.

BIBLIOGRAPHY

72 international peer-reviewed publications with significant citations.

Publications available at:
